**SUBJECT: NOTICE OF PERMIT MODIFICATION WITHDRAWN FOR THE
TRANSURANIC WASTE MANAGEMENT FACILITY AT LOS ALAMOS
NATIONAL LABORATORY**

Dear Interested Person:

This notice is to inform you that on March 4, 2008 Los Alamos National Laboratory withdrew the permit modification request for the Transuranic Waste Management Facility (TRUWF) at Technical Area 52.

The New Mexico Environment Department (NMED) received the permit modification request for the TRUWF on August 20, 2007. NMED proceeded to review and process the request and subsequently issued a notice of disapproval on December 20, 2007. NMED issued a public notice on January 10, 2008 to announce the proposed TRUWF. Because of the withdrawal NMED has ceased review of the permit modification request.

Should you have any questions regarding this notification you may contact:
