Enterprise Field Services, LLC has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its Navajo City Compressor Station. The owner of this plant is Enterprise Field Services, LLC. The exact location of the facility is latitude 36 deg, 46 min, 12 sec and longitude -107 deg, 34 min, 57 sec. This facility is located approximately 1.4 miles NE of Navajo City, in Rio Arriba County, New Mexico. This application file has been assigned an Operating Permit Number P259 and TEMPO Agency Interest ID No. 1052.

Previously, the facility received an air quality construction permit and is in operation.

The main purpose of the facility is to perform natural gas compression and transmission. Additional activities at the site include the removal of condensate liquids from the gas stream, storage, and loading of condensate.

This operating permit application is for a new permit. Per 20.2.70.401.C(4) NMAC, this permitting action involves no changes to any previously permitted emissions limits. The facility is currently a minor, < 100,000 tpy CO₂, source of greenhouse gas emissions.

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance.

The NMED has made a preliminary determination that this facility will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 7, 70, 71, 72, 73, and 40 CFR 50; and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before January 15, 2014.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P259 by contacting Daren Zigich at the New Mexico Environment Department, Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816. The Department contact in Santa Fe is Daren Zigich at 505-476-4366.
